[Findings - 1850 Turk Street Tentative Subdivision Map]

ADOPTING FINDINGS RELATED TO THE APPEAL OF THE DECISION OF THE DIRECTOR OF PUBLIC WORKS APPROVING A TENTATIVE SUBDIVISION MAP FOR THE CONSTRUCTION OF A 6 UNIT NEW CONDOMINIUM FOR LOT 12, IN ASSESSOR'S BLOCK 1129, AT 1850 TURK STREET.

The appellant, Frances Lung, filed a timely appeal on March 31, 1997, protesting the March 19, 1997 approval by the Director of Public Works of a Tentative Subdivision Map for the construction of a 6-unit new condominium for Lot 12, in Assessor's Block 1129, at 1850 Turk Street.

The public hearing before the Board of Supervisors on said appeal was scheduled for April 28, 1997. On April 28, 1997, the Board of Supervisors conducted a duly noticed hearing on the appeal from the approval of the Tentative Subdivision Map.

In reviewing the appeal of the approval of the Tentative Subdivision Map, this Board reviewed and considered the written record before the Board and all of the public comments made in support of and opposed to the appeal.

NOW, THEREFORE, BE IT MOVED, That the Board of Supervisors of the City and County of San Francisco hereby finds that on December 5, 1995, The San Francisco Redevelopment Agency authorized and approved an Owner Participation Agreement for the development of condominium housing at 1850 Turk Street. The Redevelopment Agency found on

January 16, 1997, that the proposed condominium project is in conformance with the Redevelopment Plan of the Western Addition, A-2, and on that date the Agency recommended that the City approve this Tentative Subdivision Map; and, be it

FURTHER MOVED, That the Board of Supervisors finds that the proposed project is in conformance with the above mentioned approval by the San Francisco Redevelopment Agency; and, be it

FURTHER MOVED, That there may be a dispute as to whether the proposed project violates an easement granted in 1959, but that such dispute is between private parties, and is an issue which the City and County of San Francisco and the Board of Supervisors do not have the authority to resolve; and, be it

FURTHER MOVED, That the Board of Supervisors, after carefully balancing the competing public and private interests, approves the decision of the Director of Public Works on March 19, 1997, and hereby approves a Tentative Subdivision Map for the construction of a 6 unit new condominium for Lot 12, in Assessor's Block 1129, at 1850 Turk Street.

	Proposition A will upgrade San Francisco's aging water system and make it	11
	better able to withstand a major earthquake. Without Proposition A's seismic	11
	improvements, over 2.3 million people in the Bay Area risk losing their safe	13
	drinking water. Without Proposition A, firefighters risk losing the water they	11
	need to fight major fires.	5
	Through remarkable engineering in the 1920s and 30s, water travels 165 miles	12
	from Yosemite, crossing three major earthquake faults and San Francisco Bay	10
	before reaching the Peninsula. These pipelines, built with old technology, have	11
	seriously deteriorated. Within the City, pipes and water mains date back to the	13
	1850s. Made of cast iron, they have become brittle with age.	11
	The age and vulnerability of our water system was demonstrated during the	12
	1989 Loma Prieta earthquake, where more than 100 water main breaks	12
	occurred.	
	Proposition A will fund much needed improvements to modernize and	10
	strengthen the water system, ensuring the system's ability to deliver safe	11
	drinking water. These improvements include repair and seismic strengthening	9
	of the pipelines that carry water across the Bay and up the Peninsula. Other	14
	improvements involve seismic upgrading of reservoirs, modernization of pump	9
	stations, replacement of water mains, and installation of state-mandated modern	11
	automated controls.	2
	Most of the projects will benefit only San Franciscans. Where improvements	10
	will also benefit our suburban customers, 2/3 of the costs of those improvements	13
	will be borne by their ratepayers.	6
	Nearly 100 years ago, San Francisco's leaders envisioned and built a system to	12
	provide the City with a reliable, safe water supply. Once considered an	12
	engineering marvel, San Francisco's water system is showing its age and	10
	vulnerability. It is time to begin renewing that system to ensure continued	12
	reliability into the 21st century.	5

	We take safe drinking water for granted. But for San Francisco residents and 1.6 million	14
	customers outside San Francisco, aging equipment and federal and state regulations make	11
	that increasingly difficult to achieve.	5
	Demands on the City's two water treatment plants have exposed limitations in their	13

	that resulted in the delivery of below-standards water, the California Department of	13

Approval of Proposition F will preserve the public's unlimited	8
access to all of Mt. Davidson Park. Proposition F would approve the	12
sale of .38 acres at the top of Mt. Davidson Park, including the land	14
upon which the monument- a cross - stands, to the Council of	11
Armenian American Organizations of Northern California. The sale	8
would end years of controversy over the monument location in a	11
City park while guaranteeing that the land remain public open space.	11
Sitting atop Mt. Davidson, the monument was built to	9
commemorate the San Franciscans in the Navy, Marine Corps,	9
Army and Merchant Seamen who fought and died in World War I.	12
Designed by famed local architect George Kelham, the monument was	10
dedicated in 1934 by President Franklin Roosevelt.	7
In 1990, the City was sued over its ownership of the monument.	12
The City argued that the monument had attained historic significance.	10
In order to uphold the principle of separation of church and state, the City	14
had two options - - demolish the monument or sell the land upon which it	13
stands.	1
We urge all San Franciscans to vote yes on Proposition F, to	12
preserve the Mt. Davidson historic landmark, and guarantee the land remain	11
public, open space.	3

B **COMMIT TO SAN FRANCISCO'S YOUTH** 5

Vote yes on Proposition E. 5

Our children should be heard, not merely seen. San Franciscans made a commitment to this goal in 1995 by establishing a Youth Commission to give youth a voice. The Commission has proven its worth and has become a model for other cities. 9 11 11 11

B B B **This ballot measure furthers the work of the Youth Commission by empowering members with the very same authority that other, more established Commissions share.** 9 8 7

It gives the Commission the strength it deserves by allowing it to undertake children and youth related programs rather than merely advising and recommending these programs. Who is in a better position to conduct these programs than a peer group? 11 10 10 9

The Board of Supervisors appoints candidates to work directly with the Commission. This initiative would allow the Commission to have some say in this process by reviewing applicants. Again, Commissioners are in the best position to offer insight to the Board about which relationships might work best. 9 9 11 12

It replaces one year office terms with two year, staggered terms of office. This promotes dedication, allows for longer term projects, and ensures greater continuity among Commissioners. 6 10 10 7

B B Finally, Ed Harrington, our City Controller has stated that **a yes vote on this initiative will have zero cost to the city**. Budget analyst Harvey Rose has predicted that any future costs which may potentially result from passage of this initiative will be slight and subject to an approval process by the Board and Mayor's Office. 10 13 11 11 11

B B Join the entire Board of Supervisors in supporting this initiative. **It is a major investment for our children's future which costs us nothing**. 9 10 4

	Proposition D will add back some language that was part of the City's	13
	old charter, but was not included when the charter was streamlined in	12
	November 1995. This language makes it clear that all City leases generating	12
	rent to the City of over $1 million must first be approved by the Board of	16
	Supervisors. One of the Board's most important functions is to review major	12
	City leases. The Board reviews leases in order to make sure that departments	13
	are following City policies and getting the best deal for our tax dollars. The	14
	absence of this language in the new charter has caused some confusion for City	14
	agencies, such as for the Port Commission when it recently considered a	12
B	proposal to lease Port property to a major retailer. Your **Yes** vote on	13
	Proposition D will ensure that the Board continues to have the unquestioned	12
	ability to perform this function on the public's behalf. Proposition D also	12
	makes a technical change, combining the two charter sections governing Board	11
	approval of leases and contracts. This change will make it easier for members	13
	of the public to find information in the charter.	9
	These changes will make the City charter easier to use and to	12
B	understand. Please join us in voting **Yes** on Proposition D.	10

3	Vote YES on Proposition C.	5
	The issue is simple: it is about fairness and equity for San Francisco's	13
	Police Officers and Fire Fighters. Under the current retirement plan, those Police	12
	and Fire Fighters who elected to transfer from the Tier I to the Tier II system in	17
	1980 are not provided retirement benefits equivalent to their colleagues. A	11
	disproportionate number of these employees are women and people of color. This	12
	Charter Amendment, if approved, seeks to rectify this wrong.	9
	The transfer offered by Proposition F in 1980 allowed affected employees	11
	the right to vest their retirement benefits. Vesting ensured that even in the event	14
	of termination or resignation, the retirement investment would remain. For these	11
	individuals, many of whom are minorities, vesting meant security. At that time,	12
	these employees, who operated in an environment of discrimination and hostility,	11
	chose the transfer because they did not envision reaching retirement with these	12
	Departments. However, having chosen Tier II, they later learned that they were	12
	not being afforded full and equal retirement benefits. Now, they want the	12
	opportunity to buy back into the plan and receive full benefits.	11

	Today, while San Francisco's Police and Fire Departments are now more	11

[Encroachment Permit – 818 Sanchez St.]

DENYING THE APPEAL OF A DECISION BY THE DIRECTOR OF PUBLIC WORKS, WHICH GRANTED THE ISSUANCE OF A MINOR SIDEWALK ENCROACHMENT PERMIT (97MSE-031) TO OCCUPY, INSTALL AND MAINTAIN LANDSCAPING AND IRRIGATION, AND TO EXCAVATE, GRADE AND CONSTRUCT A DRIVEWAY RAMP WITH 6" DECORATIVE CURBS AND A TERRACED STAIRWAY FOR ACCESS TO THE PROPERTY AT 818 SANCHEZ STREET, AND GRANTING THE ISSUANCE OF THE REQUESTED MINOR SIDEWALK ENCROACHMENT PERMIT FOR THE PROPERTY AT 818 SANCHEZ STREET, AS CONDITIONED BY THE DEPARTMENT OF PUBLIC WORKS AND THE BUILDING INSPECTION COMMISSION.

Donald W. Wilson and Monika Henschke filed a timely appeal protesting the granting by the Department of Public Works of a Minor Sidewalk Encroachment Permit (97MSE-031) which would allow the applicant to occupy, install and maintain landscaping and irrigation, and to excavate, grade and construct a driveway ramp with 6" decorative curbs and a terraced stairway for access to the property at 818 Sanchez Street.

The decision of the Department of Public Works to grant the requested Minor Sidewalk Encroachment Permit for 818 Sanchez Street had previously been appealed to the Building Inspection Commission, and the Commission, on July 16, 1997, had denied the appeal and approved the Minor Sidewalk Encroachment Permit for 81 Sanchez Street with the additional condition that: "The applicant shall hire a licensed arborist to prepare recommendations to protect the mature tree on the public right-of-way. Such recommendations shall be submitted to the Bureau of Street-Use and Mapping prior to the start of any grading. The methods by which such recommendations shall be

completed shall be shown on plans submitted for grading or building permits and shall be carried out during construction."

The appeal of the decision to the Board of Supervisors was referred to the Housing and Neighborhood Services Committee of the Board of Supervisors, where it was heard and considered on August 21, 1997.

The applicant, Janet McGee, and the property owner, Seamus McGee, had requested that the City allow the applicant to occupy, install and maintain landscaping and irrigation, and to excavate, grade and construct a driveway ramp with 6" decorative curbs and a terraced stairway for access to the property at 818 Sanchez Street. The Department of Public Works, following a Director's Hearing, concluded that the requested Minor encroachment Permit should be granted.

In reviewing the appeal of the granting of the requested Minor Encroachment Permit, the Committee reviewed and considered the written record before the Committee and all of the public comments made in support of and opposed to the appeal.

The Committee recommended that the appeal be denied, and that the requested Minor Sidewalk Encroachment Permit be granted as requested, and as conditioned by the Department of Public Works and the Building Inspection Commission.

NOW, THEREFORE, BE IT MOVED, That the Board of Supervisors of the City and County of San Francisco hereby finds that the requested Minor Sidewalk Encroachment is desirable in conjunction with the owner's use and enjoyment of his property.

FURTHER MOVED, That the requested Minor Sidewalk Encroachment would not be inimical to the health, welfare, safety and best interest of the general public.

FURTHER MOVED, That the Board of Supervisors, after carefully balancing the competing public and private interests, hereby denies the appeal from the decision of the

The Board of Supervisors additionally adopts all of the findings made by the Department of Public Works in approving the issuance of the Minor Sidewalk Encroachment Permit, and those made by the Building Inspection Commission in its decision denying the appeal of the decision of the Department of Public Works. The approval of the granting of this Minor Sidewalk Encroachment Permit by the Board of Supervisors is conditioned upon the applicant complying with all of the conditions imposed by the Department of Public Works and the Building Inspection Commission.

	Proposition A is needed to address the vulnerability of the San Francisco	11
	water system and ensure the system's ability to deliver safe drinking water. The	13
B	system is in critical need of repair. **These are the facts**: Water pipelines, which were	15
	built in the 1920s and 1930s, cross three major faults. Within the City, portions of	15
	the distribution system date back to the 1850s. Cast iron water mains become brittle	14
	with age. Reservoir roofs were not designed to withstand a major earthquake. The	13
	entire water system is largely monitored and controlled manually, and state	11
	regulators have ordered the City to automate the control system.	10
	The opponents to Proposition A are wrong on several facts. The combined	12
	cost of the two water bonds is only $2 per month for the average residential	15
	customer. This represents less than a 17% increase in your water bill over the next 4	16
I	years; *no additional increase will be necessary to pay for these bonds.*	12
	The opponents note that surplus revenues were generated from the sale of	12
B	power; however, there were NO surplus revenues from the sale of water. Under the	14
B	Charter, the Public Utilities Commission has **no discretion** over the use of surplus	13
	revenues.	1
	Without Proposition A, damage to the water system may interrupt delivery of	12
	safe drinking water to more than 2.3 million customers. Firefighters could lose their	13
	water supply in a catastrophic event. We must ensure the continued reliability of our	14
B	magnificent water supply system -- **vote YES on Proposition A.**	9

	The quality of San Francisco's water is vital to the entire economy of the Bay	14

	A vote for Proposition F preserves public open space and respects separation of church and state.	15 1
	Although the opponents argue that this sale sets a bad precedent, it in fact addresses a unique situation. At the time the monument was built, no court had ruled that the Constitution would forbid such construction on public land. Later court rulings and changes in the California Constitution placed a legal cloud over the continued presence of the cross on Mt. Davidson. As a result, the City was sued. This sale removes that cloud.	17 16 14 15 12
	The auction of the property was a fair and open public process. Notice of the auction was advertised in the newspaper. Equal opportunity was given to all who wanted to participate in the process. Based on the auction, the plaintiffs who sued the City, including the ACLU, the American Jewish Congress and the Americans United for Separation of Church and State, have all agreed with the City to put an end to the lawsuit.	17 14 16 14 13
	Vote "Yes" – everyone wins. The Friends of Mt. Davidson, the ACLU, the American Jewish Congress, the Americans United for Separation of Church and State, and the Council of Armenian American Organizations of Northern California. All are satisfied with the proposed sale. The sale will preserve the property as open space, resolve a long-standing lawsuit, and respect the Constitutional separation of church and state, for the benefit of all San Franciscans.	14 14 12 16 15 8

	While 243 Police and Firefighters did elect the transfer in 1980, Proposition	12
	C will only apply to those 165 individuals who are still employed with the City	15
	and County of San Francisco.	5
	The agreement originally accorded these Police and Firefighters in 1980	10
I	included the ability to change the deal. In fact, Proposition F provided that	13
	benefits could be improved, but it left that power with San Francisco voters.	13
	Today, these Police and Firefighters are simply exercising this provision.	10
	The cost to the City of San Francisco to provide equal retirement benefits to	14
	these 165 employees will be minimal - $2,500 per employee. On the other	12
	hand, without passage of Proposition C, these employees must separately	10
	petition San Francisco voters to receive benefit increases. Potentially, this	10
	would come at a cost of $50,000 per request to San Francisco taxpayers.	13
B	Proposition C makes good fiscal sense. We urge you to join us in voting YES	15

MOTION

[Rule on Subject Hearings]

AMENDING THE RULES OF ORDER OF THE BOARD OF SUPERVISORS BY AMENDING RULE 2.10 IN ORDER TO INCREASE THE EFFECTIVENESS OF HEARINGS TO CONSIDER SUBJECT MATTER, WHEN LEGISLATION IS NOT AVAILABLE TO THE PUBLIC.

WHEREAS, The Board of Supervisors committee system is designed primarily to consider proposed legislation, but occasionally committees hold hearings to consider subjects when legislation is not yet available; and

WHEREAS, The Board has found that although some subject matter hearings are very successful, others are not successful, primarily because sometimes such hearings are not focused, and thus members of the public may not have a clear idea of the purpose of the hearing; and

WHEREAS, The Board desires the focus of its committee hearings to be as clear as possible to the public and desires the outcome of its committee hearings to be as effective as possible, and thus the Board desires to amend its Rules of Order to improve the process; now, therefore, be it

MOVED, That the Rules of Order of the Board of Supervisors is amended by amending Rule 2.10 to read:

Note: New language is underlined, language to be deleted is in ((double parentheses))

Rule 2.10 **Subject Hearings.** A Supervisor may ((also)) introduce a request for a committee hearing on a subject matter without having legislation. The Board prefers that legislation be introduced so the public will be aware of possible action to be taken on an issue. When a Supervisor does not have sufficient knowledge of an issue to write proposed legislation, or to request the City Attorney to write proposed legislation, and a Supervisor desires a hearing on a subject matter, the sponsor, at the time of introduction, shall submit a description of the purpose of the hearing, including a statement of what the sponsor wishes to accomplish to the extent possible. The Clerk of the Board shall place the description in the file concerning the hearing.

[Rule on Skeletal Charter Amendments]

WHEREAS, The Board of Supervisors has taken several actions to increase the input of the public prior to the consideration of legislation, including a measure to require a 30 day period between the introduction date and hearing date for measures adopting or revising major city policy, and including a measure to provide for more time to consider memoranda of understandings and arbitration awards; and

WHEREAS, The Board wishes to ensure similar careful consideration to proposed charter amendments, particularly since they may not be amended between the time of Board action and the time of voter action; now, therefore, be it

MOVED, That the Rules of Order of the Board of Supervisors is amended by amending Rule 2.33.1 to read:

Note: New language is underlined, deletions are in double ((parentheses)).

Rule 2.33.1 Introduction; referral to committee; committee report. A proposed charter amendment shall be introduced by a Board member at a regular Board meeting held not less than 168 days prior to the election at which it is to be acted upon by the electors. At that time, the sponsor shall submit complete text. The introduction of a "skeletal" charter amendment shall not satisfy the requirements of this section. AMENDING THE RULES OF ORDER OF THE BOARD OF SUPERVISORS IN ORDER TO SPECIFY DUTIES AND RELATIONSHIPS FOR LEGISLATIVE ANALYSTS BY ADDING RULE 6.21.

WHEREAS, The Board of Supervisors has included funds in the budget of the Board of Supervisors for the employment of one Chief Legislative Analyst and three Legislative Analysts, and

Rule 6.21 Legislative Analysts.

The Clerk of the Board, after hearing the recommendations of officials specified by the Annual Salary Ordinance, shall appoint one Chief Legislative Analyst and three Legislative Analysts, in Special Assistant classifications, who, within their time resources as determined by the Chief Legislative Analyst, shall review the following:

1. Legislation which would create or revise major city policy as determined under the provisions of Rule 5.40 which generally require a 30 day review period between introduction and committee consideration;

2. Legislation on the For Adoption Without Committee Reference Calendar and, to the extent possible, legislation on the Imperative Calendar which has not undergone the normal review which the committee process provides;
3. Additional legislation or issues at the request of any Committee chair on items which have been referred to the committee;
4. Additional legislation or issues as directed by motion of the Board of Supervisors which motion has been adopted after reference to committee;
5. Additional legislation or issues as directed by the Clerk of the Board.

The Chief Legislative Analyst, however, may determine that some issues have previously received sufficient analysis, as, for example, in the case of Planning Department staff and Planning Commission review of rezoning ordinances.

The Legislative Analysts shall work for the Board as a whole and not for individual members of the Board. Individual members of the Board, however, may request analysts for informal advice or information.
